Faustmann Christian

Faculty of Physics
Technical University of Vienna

This thesis is submitted for the degree of
Bachelor of Science

Abstract

This is where you write your abstract ...

Table of contents

List of figures	vii
List of tables	ix
1 Theory	1
1.1 Rubidium	1
1.1.1 Properties	1
1.1.2 Isotopes	1
1.2 Two-level atom	1
1.3 Laser absorbtion	1
1.4 Doppler shifts	1
1.5 Behavior of absorbtion coefficient	1
1.6 Non-linear differential equation	1
2 Experiment	3
2.1 Setup & Tools	3
2.2 Laser diameter measurement	3
2.3 Power / intensity measurement	3
2.4 Doppler-free measurement	3
3 Evaluation	5
3.1 Data processing	5
3.2 Temperature & saturation intensity	5
3.3 Comparison with theory	5
3.4 Compare Doppler-free measurement with theoretical values	5
References	7
Appendix A Theory	9

Appendix B	Experiment	11
Appendix C	Evaluation	13

List of figures

List of tables

Chapter 1

Theory

1.1 Rubidium

1.1.1 Properties

1.1.2 Isotopes

1.2 Two-level atom

1.3 Laser absorption

1.4 Doppler shifts

1.5 Behavior of absorption coefficient

1.6 Non-linear differential equation

Chapter 2

Experiment

2.1 Setup & Tools

2.2 Laser diameter measurement

2.3 Power / intensity measurement

2.4 Doppler-free measurement

Chapter 3

Evaluation

3.1 Data processing

3.2 Temperature & saturation intensity

3.3 Comparison with theory

3.4 Compare Doppler-free measurement with theoretical values

References

Appendix A

Theory

Appendix B

Experiment

Appendix C

Evaluation
